# Foreword

It gives us great pleasure to introduce this collection of papers to be presented at the 2011 International Conference on Frontiers in Education: Computer Science and Computer Engineering (FECS'11), July 18 through 21, 2011, at Monte Carlo Resort, Las Vegas, USA.

## **The Academic Co-Sponsors of this year's conference include:**

The Berkeley Initiative in Soft Computing (BISC), University of California, Berkeley, USA; Biomedical Cybernetics Laboratory, HST of Harvard University and Massachusetts Institute of Technology (MIT), USA; Intelligent Data Exploration and Analysis Laboratory, University of Texas at Austin, Austin, Texas, USA; Collaboratory for Advanced Computing and Simulations (CACs), University of Southern California, USA; Minnesota Supercomputing Institute, University of Minnesota, USA; Knowledge Management & Intelligent System Center (KMIS) of University of Siegen, Germany; UMIT, Institute of Bioinformatics and Translational Research, Austria; BioMedical Informatics & Bio-Imaging Laboratory, Georgia Institute of Technology and Emory University, Atlanta, Georgia, USA; Hawkeye Radiology Informatics, Department of Radiology, College of Medicine, University of Iowa, Iowa, USA; NDSU-CIIT Green Computing and Communications Laboratory, USA; Supercomputer Software Department (SSD), Institute of Computational Mathematics & Mathematical Geophysics, Russian Academy of Sciences, Russia; SECLAB (inter-university research groups at University of Naples Federico II, the University of Naples Parthenope, and Second University of Naples, Italy); Medical Image HPC & Informatics Lab (MiHi Lab), University of Iowa, Iowa, USA; Intelligent Cyberspace Engineering Lab., ICEL, Texas A&M University (Com./Texas), USA; and Model-Based Engineering Laboratory, University of North Dakota, North Dakota, USA.

## **Corporate Co-Sponsors, Co-Sponsors At-Large and Organizers include:**

A number of university faculty members and their staff (names appear below and also on the cover of the proceedings); Microsoft Research; Altera Corporation; Pico Computing; World Academy of Science ([www.world-academy-of-science.org/](http://www.world-academy-of-science.org/)); Computer Science Research, Education, and Applications Press; High Performance Computing for Nanotechnology (HPCNano); International Society of Intelligent Biological Medicine; World Academy of Biomedical Sciences and Technologies; The International Council on Medical and Care Compunetics; The UK Department for Business, Enterprise & Regulatory Reform, UK; Scientific Technologies Corporation; and HoIP - Health without Boundaries. In addition, several publishers of computer science and computer engineering books and journals, chapters and/or task forces of computer science associations/organizations from 8 countries, and developers of high-performance machines and systems provided significant help in organizing the conference as well as providing some resources.

An important mission of WORLDCOMP (a federated congress to which this conference is affiliated with) includes "Providing a unique platform for a diverse community of constituents composed of scholars, researchers, developers, educators, and practitioners. The Congress makes concerted effort to reach out to participants affiliated with diverse entities (such as: universities, institutions, corporations, government agencies, and research centers/labs) from all over the world. The congress also attempts to connect participants from institutions that have **teaching** as their main mission with those who are affiliated with institutions that have **research** as their main mission. The congress uses a quota system to achieve its institution and geography diversity objectives."

The program committee would like to thank all those who submitted papers for consideration. About 40% of the submissions were from outside the United States. Each paper was peer-reviewed by two experts in the field for originality, significance, clarity, impact, and soundness. In cases of contradictory recommendations, a member of the conference program committee was charged to make the final decision; often, this involved seeking help from additional referees by using a double-blinded review process. In addition, papers whose authors included a member of the conference program committee were evaluated using the double-blinded review process. The only exception to the above evaluation process was for papers that were submitted directly to chairs/organizers of approved sessions/workshops; in these cases, the chairs/organizers were responsible for the evaluation of such submissions. The overall paper acceptance rate for regular papers was 21%; 17% of the remaining papers were accepted as poster papers.

We are very grateful to the many colleagues who helped in organizing the conference. In particular, we would like to thank the members of the FECS'11 Program Committee who we hope will offer their help again in organizing the next year's conference (FECS'12). The FECS'11 Program Committee members were:

- *Dr. Selim Aissi, (Steering Committee - WORLDCOMP), Chief Strategist - Security, Manageability and Virtualization, Ultra Mobile Group, Intel Corporation, USA*
- *Prof. Hamid R. Arabnia, (Steering Committee - WORLDCOMP), Elected Fellow, ISIBM; Editor-in-Chief, The Journal of Supercomputing; Advisory Board, IEEE TC on Scalable Computing; University of Georgia, Georgia, USA*
- *Dr. Azita Bahrami, formerly at Armstrong Atlantic State University, Savannah, Georgia, USA*
- *Prof. Ruzena Bajcsy (Steering Committee - WORLDCOMP), Member, National Academy of Engineering; IEEE Fellow; ACM Fellow; University of California, Berkeley, California, USA*
- *Prof. H-P. Bischof, Rochester Institute of Technology, Rochester, New York, USA*
- *Dr. Junaïd Chaudhry, University of Hail, Hail City, Saudi Arabia*
- *Dr. Long Chen, Senior Engineer, Qualcomm Incorporated, San Diego, California, USA*
- *Prof. Hyunseung Choo, (Steering Committee - WORLDCOMP), ITRC Director of Ministry of Information and Communication; Director, Korea Information Processing Society; Associate Editor, ACM Transactions on Internet Technology; Sungkyunkwan University (SKKU), Korea*
- *Prof. Ping-Tsai Chung, Chair, Computer Science Department, Long Island University, Brooklyn, New York, USA*
- *Prof. Victor A. Clincy; MSACS Director, Kennesaw State University, Kennesaw, Georgia, USA*
- *Prof. Leonidas Deligiannidis, Wentworth Institute of Technology, Boston, Massachusetts, USA*
- *Prof. Youping Deng, Director of Cancer Bioinformatics, Rush University Cancer Center, Rush University Medical Center, Chicago, Illinois, USA*
- *Dr. Mohsen Doroodchi, Cardinal Stritch University, Milwaukee, Wisconsin, USA*
- *Prof. (Winston) Wai-Chi Fang, (Steering Committee - WORLDCOMP), IEEE Fellow; Director, System-on-Chip Research Center; TSMC Distinguished Chair Professor; National Chiao Tung University, Hsinchu, Taiwan*
- *Prof. Douglas J. Fiore, Professor & Assistant to the Vice-President for General and Continuing Education, Virginia State University, Petersburg, Virginia, USA*
- *Dr. Haishan Gong, eBay Inc., Sunnyvale, California, USA*
- *Prof. George A. Gravvanis, Democritus University of Thrace, Greece*
- *Dr. Dongfeng Han, University of Iowa, Iowa City, Iowa, USA*
- *Prof. Xiangjian (Sean) He, Director of Intelligent Image Processing & Computer Vision; Deputy Director of Research Centre for Innovation in IT Services and Applications (iNEXT); University of Technology, Sydney, Australia*
- *Prof. Kun Chang Lee, (Steering Committee - WORLDCOMP), Professor of MIS and WCU Professor of Creativity Science, Sungkyunkwan University, Seoul, South Korea*
- *Dr. Shaoshan Liu, Microsoft, one Microsoft Way, Redmond, Washington, USA*
- *Dr. Yan Luo, National Institute of Standards and Technology (NIST), Maryland, USA*
- *Prof. Andy Marsh, (Steering Committee - WORLDCOMP), Director HoIP; Director HoIP Telecom, UK; Secretary-General WABT; Vice-president ICET; Visiting Professor University of Westminster, UK*
- *Dr. Armin Mehran, Islamic Azad University, Tehran, Iran*
- *Dr. Nitin, Distinguished Adjunct Professor, University of Nebraska at Omaha, Omaha, Nebraska, USA*
- *Prof. Junfeng Qu, Clayton State University, Morrow, Georgia, USA*
- *Prof. Kishore R. Sakharkar, Professor, Infectious Disease Cluster, Advanced Medical & Dental Institute (AMDI), University Sains Malaysia, Malaysia*
- *Dr. Yong Shi, Kennesaw State University, Georgia, USA*
- *Dr. Akash Singh, IBM, Sacramento, California, USA*
- *Dr. Brajesh Kumar Singh, Reader, Department of C.S.E, FET, RBS College, Bichpuri, India*
- *Prof. R. K. Singh, Uttarakhand Technical University, Dehradun, Uttarakhand, India*
- *Sunil Kr. Singh, Uttarakhand Technical University, Dehradun, Uttarakhand, India*
- *Ashu M. G. Solo, (WORLDCOMP Publicity Chair), Fellow of British Computer Society, Principal/R&D Engineer, Maverick Technologies America Inc.*
- *Dr. Jie Tang, University of California Irvine, California, USA*
- *Prof. Dr. Qurat-ul-Ain Tariq, Chairperson, Department of Computer and Information Systems Engineering, NED University of Engineering & Technology, Karachi, Pakistan*

- *Dr. Vladimir Volkov, The Bonch-Bruевич State University of Telecommunications, Saint-Petersburg, Russia*
- *Dr. Guanghai Wang, Department of Systems Design, University of Waterloo, Canada*
- *Prof. Layne T. Watson, (Steering Committee - WORLDCOMP), IEEE Fellow; NIA Fellow; ISIBM Fellow; Fellow of The National Institute of Aerospace; Virginia Polytechnic Institute & State University, USA*
- *Prof. Lotfi A. Zadeh, (Steering Committee - WORLDCOMP), Member, National Academy of Engineering; IEEE Fellow, ACM Fellow; AAAS Fellow; AAAI Fellow; IFSA Fellow; Director, BISC; University of California, Berkeley, California, USA*
- *Dr. Amir Zeid, Program Leader, Computer Science and Information Systems, American University of Kuwait, Kuwait*
- *Dr. Songfeng (Andy) Zheng, Missouri State University, Springfield, Missouri, USA*

We express our gratitude to keynote and invited speakers of WORLDCOMP and individual conference/tracks and tutorial speakers - the list of speakers appears on the conference web site.

We would also like to thank the followings: UCMSS (Universal Conference Management Systems & Support, California, USA) for managing all aspects of the conference; Dr. Tim Field of APC for managing the printing of the proceedings; and the staff of Monte Carlo Resort in Las Vegas for the professional service they provided. Last but not least, we would like to thank the Co-editors of FECS'11 and Associate Editors: Drs. Victor A. Clincy, Leonidas Deligiannidis, Azita Bahrami, and Ashu M. G. Solo.

We present the proceedings of FECS'11.

Hamid R. Arabnia, Ph.D.  
 Professor, Computer Science, University of Georgia, USA  
**General Chair & Coordinator, FECS'11**

# Contents

## **SESSION: PROJECTS + SOFTWARE ENGINEERING + PROGRAMMING/LANGUAGE ISSUES**

<b>Mobile Robotics as a Platform for Capstone Projects</b>	<b>3</b>
<i>Costa Gerousis, Anton Riedl, Dali Wang</i>	
<b>Third-Year Parallel Programming for CS Undergraduates</b>	<b>8</b>
<i>William Gardner</i>	
<b>Incorporating Emerging Technologies and Lifelong Learning into Capstone Projects</b>	<b>14</b>
<i>Donnell Payne</i>	
<b>Transforming Undergraduate Computer Science into Software Engineering</b>	<b>19</b>
<i>Kevin Daimi, Katy Snyder</i>	
<b>LED: A Formal Language for Defining Computable Functions</b>	<b>26</b>
<i>J Nelson Rushton, Jarred Blount</i>	
<b>OSSIE: An Open Source Software Defined Radio Platform for Education and Research</b>	<b>30</b>
<i>Jason Snyder, Brittany McNair, Stephen Edwards, Carl Dietrich</i>	
<b>Preparing Software Engineering Graduates For IT 2.0 Era</b>	<b>35</b>
<i>Jie Liu, Feng Liu</i>	
<b>Understanding Software Complexity Issues In Software Engineering Courses</b>	<b>42</b>
<i>Stuart Steele, Keni Yip</i>	
<b>Design Principles for a Beginning Programming Language</b>	<b>48</b>
<i>John Minor, Laxmi Gewali</i>	
<b>Learning Styles and Student Performance in Java Programming Courses</b>	<b>53</b>
<i>Chiu-Liang Chen, Janet Mei-Chuen Lin</i>	
<b>On the Use of Scrum in Project Driven Higher Education</b>	<b>59</b>
<i>Mia Persson, Ivan Kruzela, Kristina Alder, Olof Johansson, Per Johansson</i>	
<b>Computer Supported Collaborative Learning for Helping Novice Students Acquire Self-Regulated Problem-Solving Skills in Computer Programming</b>	<b>65</b>
<i>Silvana Rossy Brito, Aleksandra Silva, Orivaldo de Lira Tavares, Eloi Luiz Favero, Carlos Renato Lisboa Frances</i>	

**Redesigning Core Programming Courses Through A Direct Instruction Approach** 74  
*Lethia Jackson, Velma Latson, Monika Gross*

**INDEMAJ: A Research-based Evaluative Report on the 1st Pilot Project on using Technology to Support at Risk Learners in a Government School in an Emirati Rural Area** 78  
*Eman Gaad*

**Collaboration using Social Networks for Team Projects** 86  
*Kendall Nygard, Lisa Bender, Gursimran Walia, Jun Kong, Kanwal Gagneja, Marvin LeNoue*

**Prior Experience as an Indicator of Team Effectiveness in Software Engineering Courses** 93  
*Karina Assiter, Durga Suresh*

**SESSION: PROGRAM, CURRICULUM, AND COURSE DEVELOPMENT +  
ASSESSMENT AND RELATED ISSUES**

**An Industry Focus Group Forum for Engineering Program Assessment** 101  
*Ken Ferens, Marcia Friesen*

**Blending Computer Literacy with Computer Science** 108  
*Robert Hatch, Jacob Somervell*

**K-12 Computer Education Deficiencies in Nevada** 114  
*Stephanie Shreck, Shahram Latifi*

**Design Business Use Cases for a Data Mining Course Based on an Enterprise Level Database** 119  
*Ying Xie, Young-Seok Kim*

**An Empowering Introduction to Computer Science Course for General Education that Teaches the Fundamentals** 124  
*Luby Liao*

**Building the Biological and Statistical background for Bioinformatics in Engineers at UPRM** 129  
*Mauricio Cabrera-Rios, Jaime Seguel, Patricia Ortiz-Bermudez*

**Beyond Programming and Software Development: Additional Teaching/Learning Goals Throughout the Curriculum** 134  
*Donald Schwartz*

**Probability and Statistics for Computer Science - Who Should Teach It?** 139  
*Daniel Joyce*

**Creating a 2+2 Program With Technical Colleges - the Bachelor of Applied Science in Information Technology** 144  
*Rebecca Rutherford*

**A Spatial Database Benchmark for Classroom Application** 148  
*Weijun Huang, Philip Bernhard*

**SESSION: RECRUITMENT AND RETENTION METHODS + ASSESSMENT +  
ACCOUNTABILITY STRATEGIES + RELATED ISSUES**

**The Tricked-Out Virtual Body Shop: Recruiting African-American High-School Students to  
STEM through Automotive Design** 153

*Mark Howard, A. Nicki Washington, Todd Shurn, Legand Burge, Grant Warner*

**Development of a Data Analysis Environment for Assessment** 157

*Lynne Onitsuka, Mary Jane Lee*

**Accountability for Quality in Higher Education** 162

*Patti Hamilton, Nelson Passos*

**Realigning for Retention: Investigating the Interests, Attitudes, and Academic Preparedness  
of College Engineering Students** 167

*Deborah Worley, Naima Kaabouch, Jeremiah Neubert, Mohammad Khavanin*

**Youth APPLab: One Response to (Lacking) Computer Science Education for Students of  
Color** 173

*Leshell Hatley, Alicia Washington*

**SESSION: INTERESTING STUDIES + LEARNING METHODS AND  
TECHNIQUES + TUTORING + RELATED ISSUES**

**Visualizing Logical Thinking Using Homotopy - A New Learning Method To Survive in  
Dynamically Changing Cyberworlds** 181

*Kenji Ohmori, Tosiyasu Kunii*

**The Effect of Computer Programming Education on the Reasoning Skills of High School  
Students** 187

*Robert Fox, Michael Farmer*

**A Microcosm for Effective Undergraduate Education of Computer Science** 194

*Andrzej Bieszczad*

**A Study on Learning Interests of Algorithms and Data Structures** 201

*Xiaodong Wang, Jun Tian*

**Future of Digital Forensics: A Survey of Available Training** 205

*Anthony Evans, Aurelia Williams, Jonathan Graham*

<b>Test Time vs. Test Performance</b>	<b>210</b>
<i>Nasser Tadayon, Connie Nyman, Nathan Barker</i>	
<b>Classroom Experiences: Disallowing Laptops during Lectures Improves Student Performance</b>	<b>217</b>
<i>Leonidas Deligiannidis</i>	
<b>Experimentation with Tutors for Teaching Mathematical Reasoning and Specification</b>	<b>222</b>
<i>Svetlana Drachova-Strang, Murali Sitaraman, Joseph Hollingsworth</i>
